

SAFETY STEPS WITH SAFETY LOCK

Simple to use locking system which provides stability by lowering and raising the wheels. When lowered the steps are stable, when raised the steps become mobile for ease of movement.

- Made from aluminium.
- Wide treads with non-slip surface.
- Platform size: 600 x 610mm.
- Platform has kickboard for extra safety.
- Safe guardrail and spring gate.
- Certified to EN 131 Professional.
- Max load capacity: 150kg.
- Supplied knock down - some easy assembly required.

REF	No of treads	H x W x L mm	Platform height mm	Max working height mm	Weight kg	PRICE
CAL703	3	1850 x 750 x 1180	750	2700	45.6	£1219.26
CAL704	4	2100 x 780 x 1360	1000	3000	51.2	£1449.69
CAL705	5	2350 x 810 x 1540	1250	3200	57	£1569.65
CAL706	6	2600 x 830 x 1720	1500	3500	62.2	£1675.62
CAL707	7	2850 x 860 x 1900	1750	3700	67.2	£1790.47

EXTRA LARGE PLATFORM SAFETY STEPS WITH ADJUSTABLE STABILISERS

Suited for strenuous working conditions, the stabilisers provide secure support.

- Constructed from aluminium.
- Wide treads and platform with non-slip surface.
- Platform size: 600 x 910mm.
- Platform has kickboard for extra safety.
- Safe guardrail and spring operated gate.
- 4 x non-slip braked castors.
- Certified to BS EN 131 Professional.
- Max load capacity: 150kg.
- Supplied knock down - some easy assembly required.
