

Customise your truck from standard components!!!

- We can offer hundreds of choices and configurations to suit your exact application. From one basic truck design you can choose a variety of sizes, side panels and wheel options.

Step 1 - Choose the size of platform L x W mm that you require.

Step 2 - Choose the type of material you need if you require side panels - they come in a kit of 2 sides and 2 ends plus corner posts so that you can choose to use 1, 2, 3 or 4 sides. You can also request hinged down sides if preferred.

Step 3 - Choose the type of wheels that you need.
Capacity is either 500Kg or 1000Kg.

- 3 types of wheel to choose from - see below.
- Standard 'T' bar tow handle - 'U' bar can be supplied on request.
- Any standard colour can be supplied - blue is supplied as standard.

Basic turntable truck

Basic turntable truck with no sides. Fitted on standard pneumatic tyres. 500Kg capacity per truck.

TT/STEEL	Sheet steel panel kits	£36.27
TT/FOAMEX	Foamex plastic panel kits	£221.03

REF	Extra	PRICE
TT/EHB	Hand brake	£141.05

WHEEL OPTIONS

The wheels on your trolley are the most important thing, so choose them wisely, take into account the quality of the ground, the total weight of the load that you are carrying and the life expectancy of the wheels.

- 1 Our standard pneumatic wheels are the same style you would find on a bicycle tyre. A very hard wearing tyre that will last.
- 2 Our cellular foam wheel is the same design as the pneumatic but rather than being filled with air, the tyre is injection filled with cellular foam. Because this tyre is foam filled there are no risks of punctures. So the CF will last twice as long as the pneumatic.
- 3 Rather than a tyre fitted with foam like the CF the Polyurethane tyre is a single piece of foam moulded into the tyre shape. The benefit of this is this tyre looks feels and rides like a pneumatic but will never puncture also, unlike the CF, the rubber tyre on the outside cannot wear down simply because there is no tyre!

REF	Capacity Kg	Description - extra	PRICE
TT/SLD/500	500	Cellular foam tyres	£41.20
TT/PU/500	500	Polyurethane tyres	£68.98
TT/PN/1000	1000	Pneumatic tyres	£65.41
TT/SLD/1000	1000	Solid rubber tyres	£135.63
TT/PU/1000	1000	Polyurethane tyres	£289.85
