FORKLIFT SKIP COMPACTOR

This attachment effortlessly slides onto standard forklift forks and secures with heel pins. Long drop from compactor to floor ensures the attachment can be used with large, tall skips.

- Compactor footprint size: 1000 x 1200mm.
- Floor to underside of pocket height: 1510mm.
- Max fork size: 140 x 65mm.
- Fork spread: 320mm (o/s to o/s).
- Weight: 800kg.

REF	PRICE
ACTSK-2	£2368.00

MINI SKIP

Compact and durable, this mini tipping skip is designed for use in confined work areas or beneath machinery such as metal punching machines, where efficient collection of small metal offcuts or waste is required. The skip attaches securely to the forklift in the standard manner, sitting neatly on the fork tines. A safety chain is included for securing the unit to the forklift during operation.

new

- Small size makes suitable for placing in areas of confined space.
- Manufactured from robust 3mm gauge steel for durability.
- Heavy duty steel underframe offering long service life properties.
- Twin locking mechanism for added safety to ensure skip is locked if loaded unevenly.
- Castors fitted as standard to aid manoeuvrability.
- Safety security chain to ensure safe retention to forklift truck.
- Bolted tipping handle for easy replacement (no welding required).
