FULLY AUTOMATIC BOTTOM EMPTY SKIP

Streamline your waste handling with our these auto bottom empty skips; the smart, hands-free solution for effortless waste disposal. Simply lower the stillage against the side of your skip, and it empties automatically, no need to leave the driver's seat! Each unit comes with durable legs as standard (except ACTDB150 and ACTDB200), or choose castors for easy manoeuvrability around your site. Designed for dry loads only - using with wet materials may cause leakage, overloading, or damage to the locking mechanism.

- Manufactured from 2mm thick steel side plates and 3mm thick base plate, for a long service life.
- Fully automatic in operation, no wires or climbing required, offering fast and efficient operation.
- Base automatically locks when lowered onto a solid surface, helps speed up operations.
- Pallet feet fitted to underside of stillage to allow safe and convenient stacking.
- Supplied with safety security chain to ensure the stillage is positively connected to the truck.

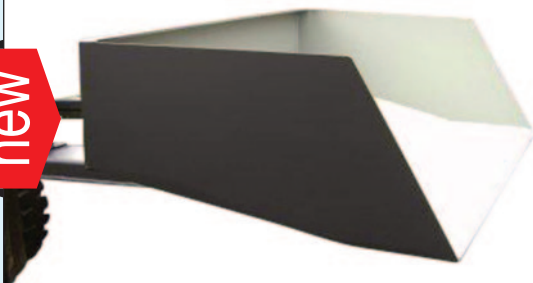

| REF | Vol cap m ³ | Load cap kg | Weight kg | L x W x H mm | PRICE |
|----------|------------------------|-------------|-----------|--------------------|----------|
| ACTDB50 | 0.5 | 1000 | 89 | 1020 x 870 x 880 | £2368.00 |
| ACTDB70 | 0.7 | 1000 | 139 | 1020 x 970 x 1040 | £2560.40 |
| ACTDB100 | 1.0 | 1250 | 165 | 1320 x 1050 x 1040 | £2708.40 |

| ACTCASDB | Castors to suit | | | | £185.00 |

FORK MOUNTED SCOOP ATTACHMENT

Tackle everyday loading tasks with ease using our versatile Mechanical Scoop - the perfect general-purpose solution when precision measurement isn't required. With a robust 0.40m³ capacity and a 1250mm-wide bucket, it's built to handle a wide range of materials quickly and efficiently. Easily fitted to forklift forks via large 'T' screw retainers, this scoop features a straightforward release handle for effortless tipping, offering both low maintenance and impressive lift performance. Fully compliant with the Machinery Directive (2006/42/EC) and UKCA-marked, includes a 3 year warranty and a Certificate of Conformity for complete peace of mind.

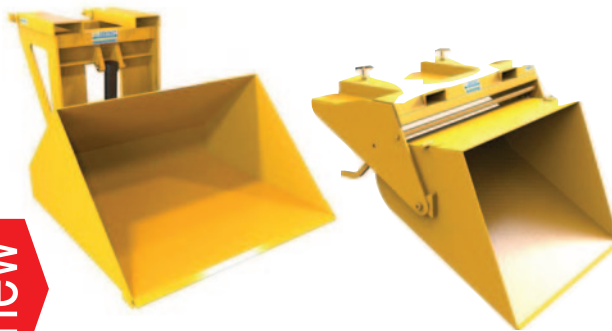

new

- Efficiently handles various materials in yards and warehouses, reducing clearing costs.
- Free-standing design minimises downtime with quick fitment and removal.
- Fully tested and certified per the Machinery Directive (2006/42/EC) for safe operation.
- Low-maintenance mechanical operation reduces servicing costs.
- Volume capacity: 0.40m³.
- Min truck capacity: 2000kg.
- Bucket dimensions W x H: 1250 x 392mm.
- Max fork size: 140 x 40mm.

UNDERSLUNG FORKLIFT SCOOP

The ideal scoop for efficiently loading and moving sand, gravel, and aggregate. Its compact, underslung design and radius-profile bucket help prevent material build-up, even with wet loads, ensuring smooth discharge and exceptional manoeuvrability.

- Heavy duty steel construction ensures long service life.
- Underslung design minimizes forklift deration, allowing use with smaller trucks.
- Fully tested and certified per the Machinery Directive (2006/42/EC) for safe operation.
- Low maintenance mechanical operation and quick fitment reduce downtime and costs.
- Radius bucket design prevents clogging, ideal for wet sand and gravel.
