BUND FLOORING

The three bund flooring units can each be used as standalone workstations or combined to create a flexible storage decking area to suit your working environment. Multiple configurations can be created. The low height or addition of the choice of two ramps will enable easy access. Optional joint strip covers can be applied for a superior finish, with bund connectors linking the sumps.

- Ref BF2 holds up to 4 x 100 litre drums.
- Refs BF4 and BF4S hold up to 4 x 205 litre drums.
