## PALLET LEVEL LOADER

- Allows the operator to load and unload pallets easier, faster and far safer.
- No electrics, hydraulics or pneumatics. This sprung table needs no tools to change the table to handle loads from 200-2000kg.
- Maintains a level loading height automatically to prevent operator having to bend, stretch or walk unnecessarily.
- Loading and unloading time reduced by 40% and effort reduced by 75%.

- Maintenance-free.
- Top turntable rotates load to operator.
- Free standing, portable, fork guides fitted.
- Maximum lift height: 1000mm.
- Overall size: 1220 x 1110mm.
- Bellows skirt model option.
