

SMOKING SHELTER

A robust smoking shelter that is easy to install.

- No fixing required - simply secure this unit by using six 600 x 600mm paving slabs (not supplied).
- Fabricated from robust heavy duty box section.
- Complemented by Tri Wall fluted plastic side panels and a galvanised sheet steel roof.
- Can also be used as a smoking shelter.
- These units are supplied complete with 2 braces which fit securely over the bottom leg brace. This allows you to place six 600 x 600mm paving slabs directly on top to secure the unit in place. This also gives a neatly finished and firm standing area.

NB A fork lift will be needed to unload this unit.
