

# RACKING & SHELVING LABELLING SYSTEMS

## AISLE MARKER LABELLING

End of aisle identification in two highly visible colour options. Manufactured from white and yellow styrene, the robust markers can be fixed flush with the end frame or used as flags with a 90° flange to identify bays and aisles. Markers can be pre-drilled in four corners or can be supplied with either a self adhesive or magnetic fixing.

- Please specify characters and colours required.

REF	Size H x W mm	No of Characters	Colour Option	Fixing	PRICE
AM1	95 x 160	Up to 3 characters	White/Yellow	Drilled 4 corners	£12.21
AM1F	95 x 130	Up to 3 characters	White/Yellow	Self adhesive	£13.39

AM4	660 x 343	One 500mm character	Yellow	Drilled 4 corners	£35.83

## BAY MARKER

The aluminium markers are supplied with either an aggressive self adhesive or magnetic fixing option for permanent or removable bay marking without the need for drilling. The formed section allows the marker to protrude at 90 degrees from the fixture, giving clear visibility from any approach. Used in conjunction with the F8 labels (see below), the marker can take one or two digits on each side.

- Magnetic (BM) or Self Adhesive (BA).
- Eliminates the need for drilling.
- One or two characters per side.
- Please specify characters required.

REF	Size H x W	Pack	PRICE
BM1	260 x 167	1(1 digit size)	£30.71
BA1	260 x 167	1(1 digit size)	£30.71
BA2	260 x 310	1(2 digit size)	£43.84
F8	230 x 140	1	£4.21

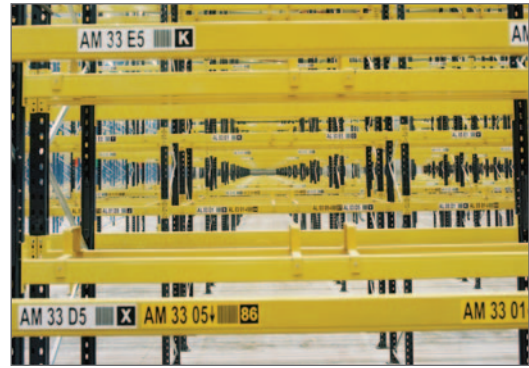

## LOCATION LABELLING

Code labels produced to your specific requirements. Available in self-adhesive for permanent solutions or magnetic for cold stores or where locations need to be moved. Bar codes, arrows and colours can be incorporated, also printed with the message you want and how you want it.

- Design, manufacture and installation of code labelling.
- Custom printed to your design.
- Can include bar codes and colour coding.
- Free on-site consultation.
- Installation service.
- Variety of materials to suit application.

## STOCK INDICATOR WHEEL

This ingenious wheel can be spun to display the level of stock that is available: green for high, amber for low and red for out of stock. Available in three fixture options: self-adhesive, magnetic or wire clip fixings for attaching to wooden pallets and stillage's up to 25mm thick. The self-adhesive option can also be screwed to the fixing surface giving it more stability.

- High impact polystyrene 1.5mm thick with gloss finish.
- Plate dimensions: 90mm high (110mm overall) x 140mm wide.
- Supplied in packs of ten.

REF	Description	PRICE
SIWA/10	Self-adhesive	£81.64
SIWM/10	Magnetic	£81.64
SIWW/10	Wire clip	£131.12
