

Our expert says

Speed up order picking and distribution!

POWERED DISTRIBUTION TRUCKS

POWERED DISTRIBUTION TRUCKS

A great range of large, heavy duty powered trucks, suitable for moving heavy goods around the workplace. Ideally suited to order picking and distribution tasks. They manoeuvre easily, especially in tight spaces and are suited to most working environments. A robust steel construction with strong timber shelves with steel frames that can hold up to 100kg each. Available in two platform sizes with a choice of two heights.

- Capacity: 600kg.
- Mesh infilled sides and back options.
- Adjustable shelf heights of 100mm.
- Powered controller with forward and reverse operation.
- Adjustable speed and emergency stop.
- 6 full hours charge (2.5-6 miles range depending on load).
- Handle height: 1070mm.
- Available in blue or grey.
