MOBILE WORK STATION

Designed for use on site as a work station for securing everything from PPE to fixings and power tools. An extra secure area inside the upper compartment allows the unit to be left open, whilst still securing any valuables. Full width shelves give maximum storage capacity. This innovative new product is the answer to many of today's security worries on site.

- Slanted working shelf in top section also acts as a lockable lid for the compartment behind.
- 5-lever deadlocks ensure the sitebox is secure.
- LED work light and 2 x 110V sockets are built-in.
- Lifting eyes, fork pockets and castors mean the unit is very mobile and easy to move around site.
- Weather resistant - rubber gaskets around the openings help prevent water ingress.

- Internal dimensions Top: 1300 x 800 x 1065mm. Bottom: 1300 x 800 x 610mm.
- External dimensions. (including protrusions): 1400 x 845 x 1970mm.
- Weight: 223kg.
- Powder coated finish in charcoal grey RAL 7021.
- Supplied with 3 keys.
