

GENERAL PURPOSE WORKBENCHES

WB WORKBENCHES

This modular and ergonomic range of workbenches have been designed for demanding assembly tasks. The benches are very aesthetically pleasing and feature a flush bench footprint, meaning they can be placed side by side, back to back or butt right up against walls. This means there are no finger traps, wasted space or unnecessary gaps. Suitable for electronics, R & D, assembly or testing operations with electro static discharge options for electro protected areas (EPA).

- Choose adjustable height method from allen key, crank handle or electric motor adjustment between 700-1100mm.
- Choose either laminate bench top or ESD bench top models.
- Strong steel framework utilising interlocking aluminium profiles and epoxy powder coated in light grey paint.
- Capacity: 200kg to 300kg.
- Fine levelling adjustable feet.
- Contact our sales team to customise your bench with a huge range of add-on accessories to meet any needs.

Laminate Bench Top

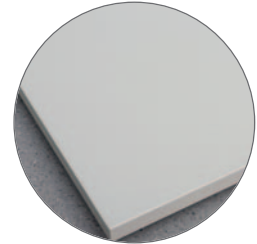

- 25mm low pressure laminate.
- Light grey surface.
- Plastic edging.

Optional castor for benches

ESD Bench Top

- Light grey laminate surface.
- Grey edging.
- Thickness 25mm.
- Semi-conductive (ESD).
