

PLASTIC BIN LOUVRE PANEL RACKS

Louvered panel racks. High density storage system uses free standing heavy duty storage racks with adjustable feet for levelling on uneven floors. Ideal for production line feeding, storage, merchandising and display.

Available double or single sided. Supplied in flat pack form for easy stacking and assembly on site. Wide bay arrangements can be created by bolting through the support leg and uprights on frame. Additional one leg only required for every ad-on frame. Finished in white epoxy coating. Accepts the full range of MDI and HC bins and accessories.

Choose bins to suit your application.

• Louvre value shows the number of bins that will fit onto a panel: panel ILV divided by the bin ILV* = number of bins.
