

hygienic non-corrosive shelving

- Combining anodised alloy framework with easy to clean plastic shelf panels.
- Quick and easy bolt free assembly.
- Up to 7 shelf positions.
- Easy to remove shelf panels for cleaning.
- Adjustable feet for uneven flooring.
- Ideal for damp work and wet areas plus walk in freezers and cold rooms.
- Mobile units use stainless steel framework on 125mm dia braked castors (enquire for specification and prices).
- Shelf load capacity 120Kg UDL.
- Standard units are 1730mm high supplied with 4 shelf levels.

QUICK AND EASY ASSEMBLY

Aluminium beams are quickly and easily attached to pre-assembled frames

Plastic panels are added or removed in seconds

REDUCE COSTS

Racks added to an existing unit require only one frame

IMPROVE ACCESSIBILITY

With 90° corner supports
