

## WIRE MESH PALLETS

- Collapsible for Easy Storage.
- Easily Cleaned.
- Half Drop Gate.
- Strong.
- Versatile.
- Bright Zinc Plated.

This range of mesh pallets are constructed from bright zinc plated wire. There are four sizes available in this range and each size is offered with either steel legs, fitted with 4 x 160mm nylon wheels or complete with wooden pallet. All models are collapsible for space saving storage when not in use. Models with steel legs are stackable up to 4 high. Models complete with wooden pallets are ideal for use with pallet stacking systems.
