| H2/E | Load capacity 1200Kg. Fork elevation 200mm. Fork length 890mm. Max pallet width 1200mm. O/A width 1640mm. O/A length 1430mm. | £4494.95 |

ROUGH TERRAIN PALLET TRUCK

The Rough Terrain Pallet Truck is ideal for those outdoor applications where a conventional industrial truck just won't do! Mounted on large pneumatic tyred wheels all round the truck rides over the undulating surfaces you find in some applications. With a capacity of 1200Kg and an inside straddle width of 1277mm the RTT12 will handle most pallets. Ideal for garden centres, building sites, farmyards and all sorts of other rough terrain applications.

PALLET DISPENSER

Makes pallet handling more efficient.

- Use for the stacking and unstacking of pallets.
- Decrease the time consumption per pallet.
- Reduce the amount of damaged pallets.
- Increase the productivity.
- Avoid manual handling of pallets.
- Avoid back injuries, stuck fingers and feet.
- Reduce the number of days lost through sickness per employee.
- Standard machines handle 1200 x 800mm or 1200 x 1000mm pallets. Special sizes to order.
