FTL2	£34.58	RFL2	£38.49	CL2	£50.58
FTL3	£40.05	RFL3	£43.96	CL3	£56.05

## TELESCOPIC EXPRESSWAY

Gravity roller sections linked together by sliding transfer providing a means to load or unload vehicles of any length from a loading dock, or moving goods within a warehouse, factory or store area. Mounted on robust castors the Telescopic Expressway is easy to move and stores away neatly when not in use. The height and degree of angle can be adjusted by means of a screw jack on each of the leg supports. Construction is a solid welded steel based on 75mm deep side channels with hollow section steel reinforcing brackets and leg supports. High impact 50mm dia. anti-shatter P.V.C. rollers throughout set at 65mm pitch with the exception of the first seven being steel zinc plated heavy duty rollers and to ensure a smooth transfer 20mm dia. steel rollers between decks. Designed to take loads of 50kgs per metre.
