

MANUAL HIGH LIFT PALLET TRUCK

- Operation: Extremely easy to pump and use makes this unit very suitable as combined hand pallet truck and lift table.
- Quick-lift as standard with automatic transfer to normal lifting with loads over 150Kg.
- Automatic descending speed control by a uniquely hydraulic valve, the descending speed always keeps the same regardless of the truck with or without load. It will prevent cargo damage from fast descending.
- Front support legs and adjustable stabilisers extended to the floor automatically when the forks reach a height of 420mm, to ensure maximum stability and optimum braking.
- Conforms to EN1757-4.
- Choice of 1000Kg or 1500Kg capacity.
- Choice of fork sizes.

HEAVY DUTY HIGH LIFT PALLET TRUCK

Our premium quality range of high-lift pallet trucks features innovative design features. The range is ergonomically designed and built to the highest standards for the rigours of all day use. This truck is able to work in the same manner as a pallet truck but allows the load to be lifted to 800mm for comfortable loading and unloading of the pallet without constant bending.

- Capacity 1000Kg.
- Lift height 800mm.
- Fork widths 540 & 680mm.
- Fork length 1165mm.
- Alternative lengths and widths made quickly to order.
- Single lift ram.
- Quick lift function for loads over 250Kg.
- Choice of manual or electric lift.
- Nylon steer and load wheels.
- When raised, the truck locks itself to the floor with extended outriggers - stable loading.
- Electric models come complete with a 12 volt/60Ah integral battery and 12 volt/10Ah external charger.
